BIO

Jodie Nicholson is a singer, songwriter and multi-instrumentalist whose artistry can be seen as **'singer-songwriter-plus'**, where her ethereal vocals, delicate melodies and emotive lyrics glide effortlessly between soundscapes of warm folk-pop, soft jazz, indie and electro, all the while blurring the lines of genre expectations.

Jodie is currently working on a new EP with producer **Tim Bran** (*London Grammar, Aurora, Rae Morris* etc) and prior to that, she releases 're:MOVE' on 2nd April featuring two alternative versions of recent single 'Move'.
